Second period eagerly awaits instruction.

The "Thriller killers" are on the loose.

Some of us, in our haste to reach the end of our journey, fail to notice the beauty of those simple and sometimes more complex things that blend people and nature together, making us all a part of this fantastic search. Each person we meet is a potential friend and every sight we see in nature forms a lasting impression.

The quest seems infinite. We travel onward for what seems like an eternity. We will often reach intersections with all directions marked by the signpost "DESTINY". We pause to catch our breath, only to realize no matter where the journey ends there will always be yet another beginning.

Mr. and Mrs. Randolph, and sons, along with Mrs. Williamson enjoy the Wolverine football game.

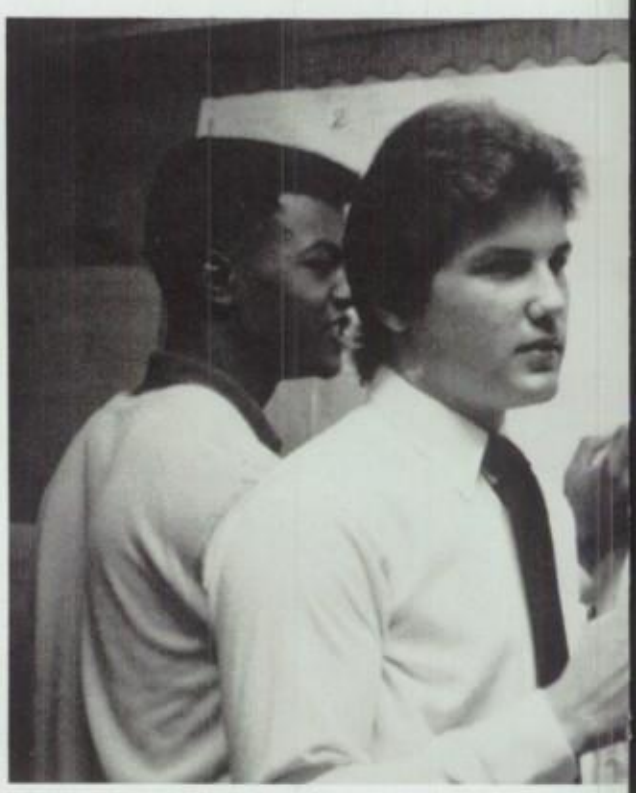
ike Ferguson travels through World Geography.

In search of self, there are barriers to eliminate and mountains to surmount. They test our will and the durability of our dreams. With each problem that is tackled and conquered, new confidence is born and old hopes are restored.

The laughs we share, the friends we make, and the tender tears we shed are the things we remember. Even time, the most stealthy thief of all, cannot steal a memory. We laugh with the crowd, and we cry by ourselves. Though we need friends we also need time alone to repair our perspective and form individual outlooks. We are not alone on our journey. We are joined by other seekers of the same generation — individuals who will share similar feelings, similar questions, and who will learn from each other.

Below: Faithful Wolverine fans supporting our footbal ream.

Right: Dedicated coaches plan their strategy.



Here we are in one of the most important years of our lives. Whether we may be a senior, a junior, or a sophomore we are living in a year of changes, both good and bad. Changes are taking place and we must make the best of all situations. We are in the very best place we could be in, surrounded by the very best and most caring people there are. As Wolverines, we all have this in common.

Our counterpart, the Wolverine, serves as a symbol of this same pride and dignity. He is unrivaled in spirit and ambition. This ambition and spirit enable him to stay on top, where he belongs. We are a cut above, and plan to stay there.

Middle: Maurice and Jim sign in on their bus driver time cards so they will get paid.

Miss Westover 1985

This year the Miss Westover Pageant has been most successful. There was active participation from both student body and faculty alike. Special recognition should be given to the Forensics Team for their long hours of work on the "Camelot" scenery for the Pageant. The contestants who supported the Pageant throught their efforts were each winners in their own right. But only one of these ladies would reign as Miss Westover. Congratulations Rieka Martin, the new Miss Westover 1985!

This year's Student Council has been one of the better councils in Westover's history. The Student Council serves the student body and the surrounding community. The council has done many activities throughout the year. In the fall, Student Council was in charge of Homecoming. On the Saturday after the game, Student Council had a Homecoming Dance. Some other activities that have taken place are a Sweetheart Dance, Student Exchange, and sponsoring a needy family at Thanksgiving and Christmas.

The object of the International Club is to promote a greater cultural understanding of the different foreign languages taught at Westover. This year the club participated in the Fayetteville International Folk Festival, where we prepared a cultural booth and foreign foods to sell. The club held an International Christmas Party, where performances were given by each of the foreign language committees and cultural foods were served. The club sponsored a needy family during the Christmas season and continued to participate in many activities throughout the rest of the year. The club ended the year by holding a club dinner for the members in good standing.

FOOTPRINTS
One night a man had a dream.
He dreamed he was walking along the beach with the Lord.
Across the sky flashed scenes from his life
For each scene, he noticed two sets of footprints in the sand; one belonging to him, and the other to the Lord.
When the last scene of his life flashed before him, he looked back at the footprints in the sand.
He noticed that many times along the path of his life there was only one set of footprints.
He also noticed that it happened at the very lowest and saddest times in his life.
This really bothered him and he questioned the Lord about it.
"Lord you said that once I decided to follow you, you'd walk with me all the way.
But I have noticed that during the most troublesome times in my life, there is only one set of footprints.
I don't understand why when I need you most you would leave me".
The Lord replied, "My son, my precious child, I Love you and I would never leave you. During your times of trial and suffering, when you see only one set of footprints, it was then that I carried you".
Lives of great men all remind us
We can make our lives sublime,
And departing, leave behind us
Footprints on the sands of time.

Quarterback of the Varsity Football Team
Born March 26, 1966 Died June 13, 1984

This is a day for sunny rest
For every dark and troubled night:
And God may bide an evening quest,
My joy shall come with morning light.

For God hath marked each sorrowing day,
And numbered every secret tear, And heaven
is long age of bliss shall pay,
For all his children suffer here.

Dr. Shipp, Coach Rowler, and Coach Conners "enjoy" lunch.

We, the Academic Affairs editors, are trying something different with the faculty this year. We added a new dimension to the teachers. We have asked them a few questions about themselves so we, the students, could get to know them better.

We sincerely hope you enjoy this section of the yearbook this year, and we would like to congratulate the graduating class of 1985.

Westover Teachers

The Westover Teachers Rap
I'm not talking about judges or even preachers
I'm just stressing my view of the Westover Teachers.
Volunteering their time so that we can learn
If we need a little help, we'll have our turn
They have a specialized job and it's not denyance
but teaching us students Math, English, and Science
Social Studies, foreign languages, and P.E.
and a three year course of N.J.R.O.T.C.
Job training, classes of Food Preparation
plus an excellent program of Health Occupations
Law Enforcement, Electricity and Study Hall
and if we need some more knowledge, there is something for all
For books and research use the school library
For school information, inform the secretary
It's bad to keep problems on our own
when we can take them all down to Mrs. Jones.
The rest of the teachers are in Typing and Band,
Some teaching Computers because they know they can
When our imagination makes us think we're smart
try and draw a line in the class of art.
If we reach past English, then go pass the comma
into the more realistic field of Drama.
If we like Current Events and crazy about Chours
Add autobody to them and fix our cars for us.
So you see the important jobs of our teachers
trying to teach us how to all become reachers
Instead of waiting for knowledge to arrive
we have to listen to the Westover teachers and learn to strive.

Who could forget what a great year we had in soccer? It wasn't just one or two men who carried the team to victorious and almost unbeaten games. It was an effort by the whole team! So now that the unique uniforms are put up and the soccer balls stored away, the athletes who brought such dignity and pride to Westover and made us all proud to be Wolverines can look back and recall that, yes, they really did do that — they won!! Congratulations, soccer team, for the best team Westover has ever had and the best season, too!

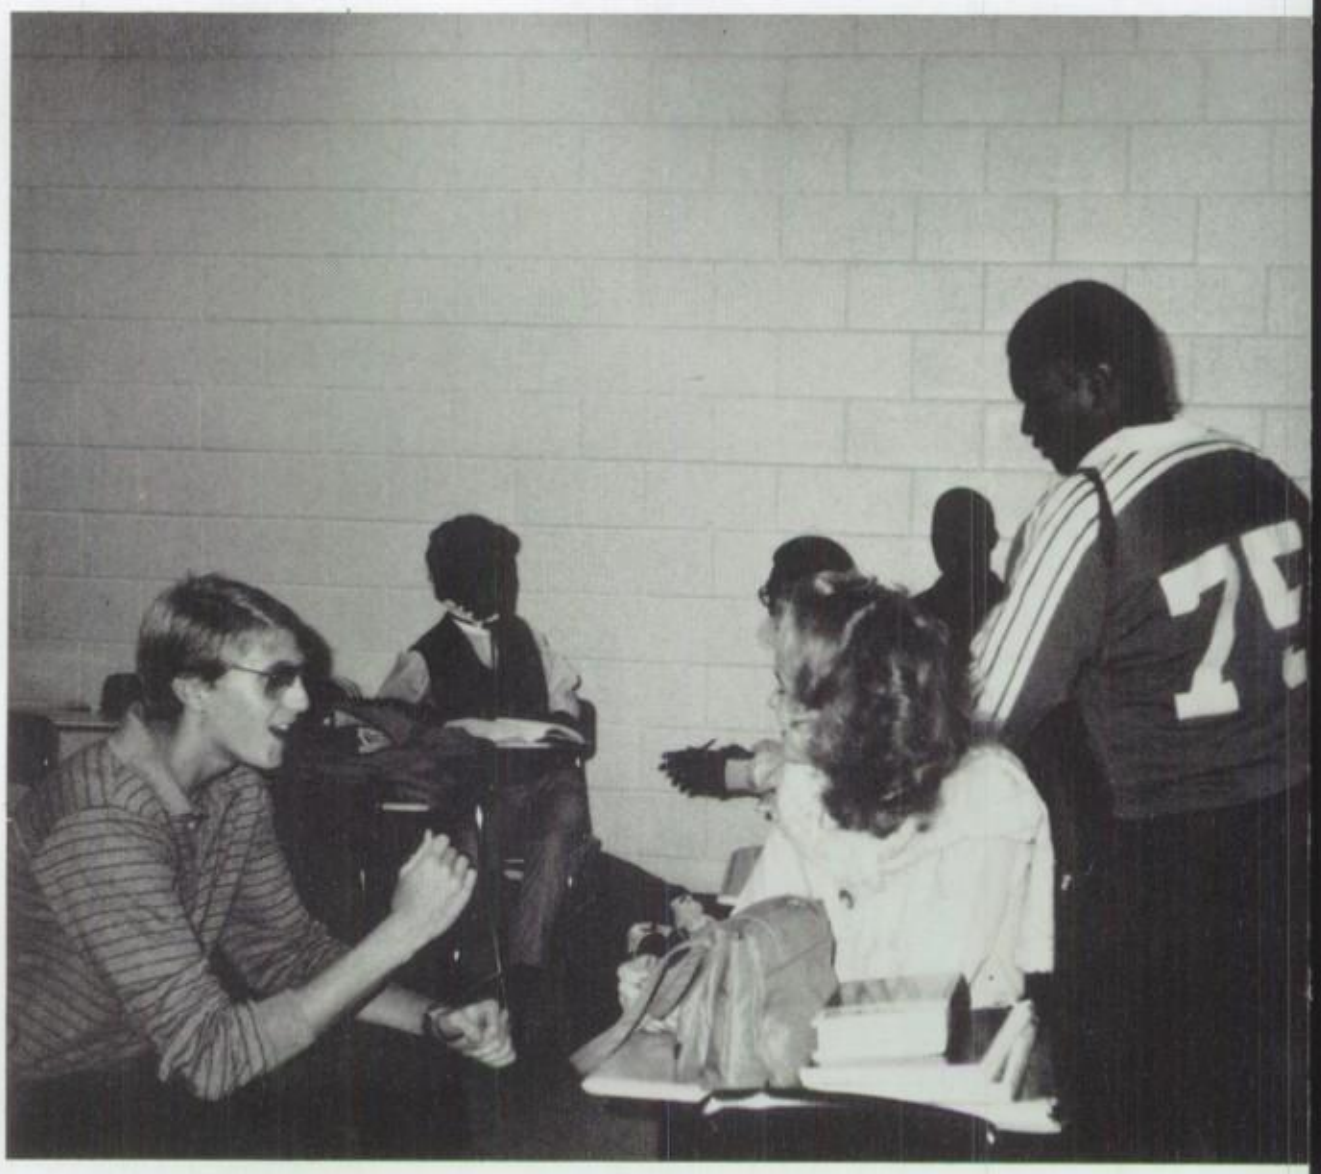
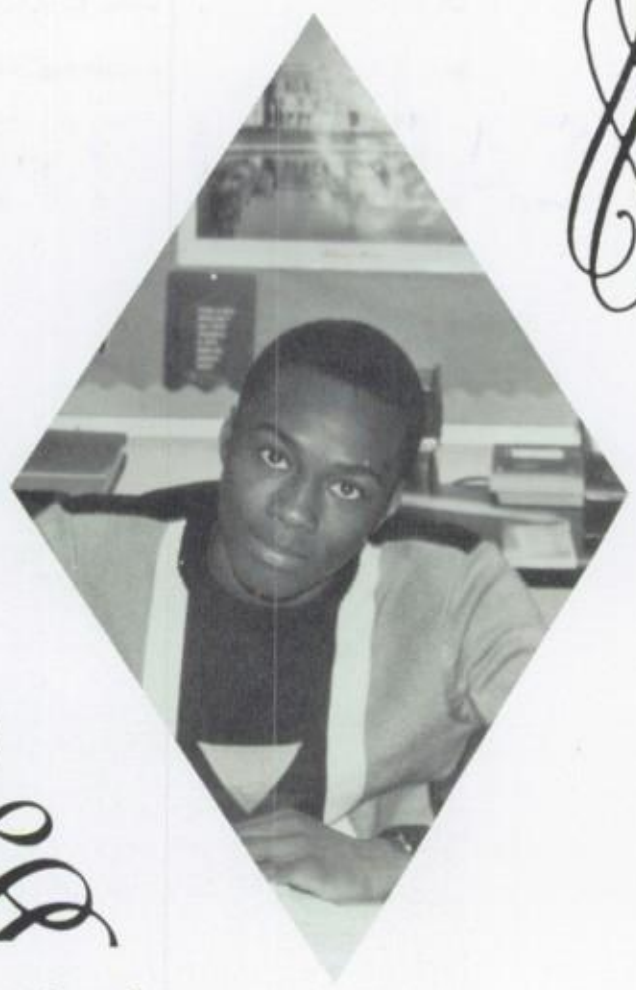
. . . OF THE STUDENT BODY.

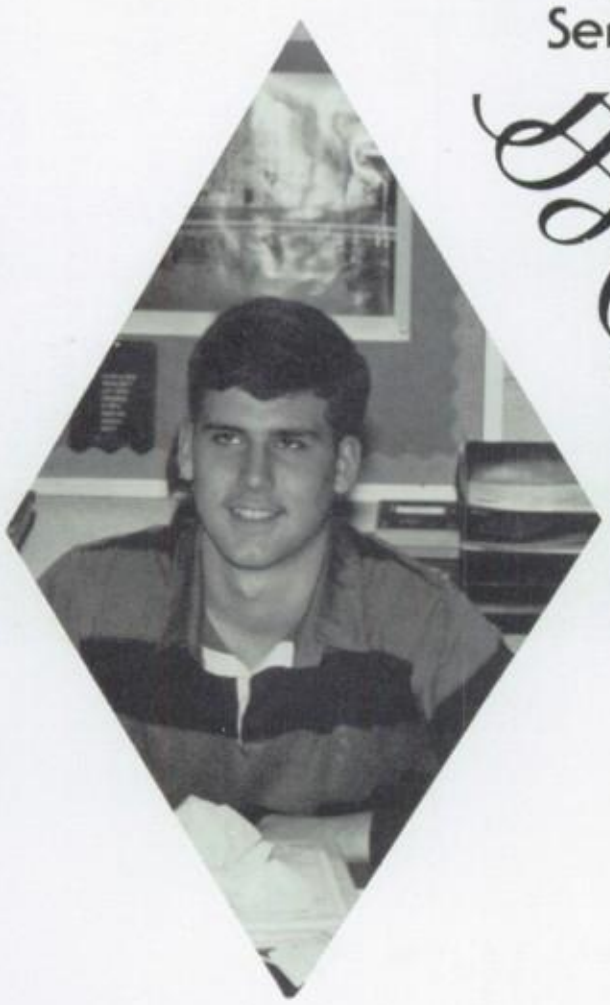
A YEAR IN THE LIFE . . .



. . . OF A SENIOR.



Distinguished Seniors



Wendy Bailey

These past three years at Westover have taught me much more than math, English, or history. They have taught me that if you have a goal, and you're willing to work hard to obtain it, you'll find that you can achieve it.

Andy Landrum

A firm belief in God has helped me through even the most difficult situations. I realize that without the Lord Jesus, I am capable of nothing. Yet, through Christ, all things are possible.

Sammie Thurman

Never let negative thoughts and ideas over-ride ones that are positive!

Sylvia Lynette McCormick

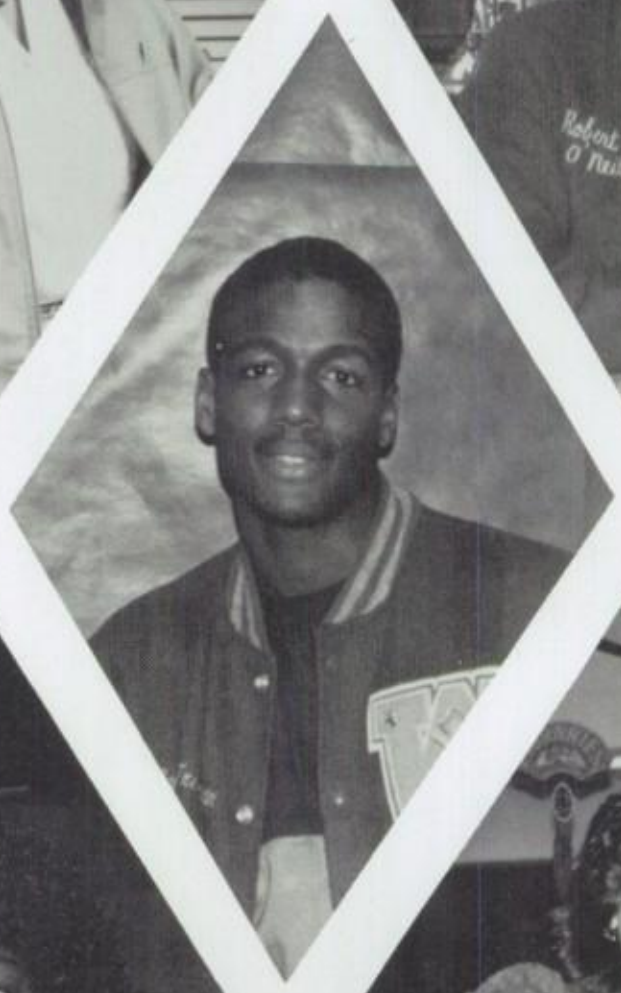
A famous woman once said, "What does not kill us, will only make us stronger." While here at Westover, I have had the opportunity to find this to be so true. In today's society, only the strong survive and succeed. Westover, I feel, has taught me to put my God-given talents to use. It has taught me to be a fighter, a leader.

Susan Lee

In the long run, your future is your own making. That's why it's so important to take each precious day and use it wisely, which has been my philosophy since my first day at Westover. It's never too late to prepare for your future and I wish you all the best of luck. God bless you.

Sharon Woods

Faith and diligence are the keys to attaining one's goals. Anyone with both of these qualities will succeed. Be yourself and believe in yourself and success shall be yours.



Robert O'Neil

Life is a mere charade of dreams in which success is measured by the ability to construct hopes and ideals into reality.

Vickie Ann Dunn

Working through the dusty path of life, must learn to climb mountains as well as to relax and enjoy the beauty of the world. In the years to come, I wish my fellow seniors luck in creating their own path and I hope they can learn, as I have, to enjoy all the wonderful things life can offer.

Elvin Lamar Freeman

Strive to be the best that you can be, get better every day, put as much into life as you expect to get out of it. Do only that you believe in, because in the long run you'll be the one who has to live by it.

Stephanie Martin

Believe in yourself and you can conquer any obstacle.

Toni Bishop

Life is meant to be a constant challenge. It is not until one accepts this challenge, acts on it, and overcome it can one experience our full emotional, intellectual, and spiritual potential.

Anthony Ray Williams

If one firmly established his priorities and endeavors to follow his intuition, his life will be full and prosperous.

Curtis Alexander

Always set your goals as high as possible. Remember, if you strive for the best, you will accomplish far more than the person who strived for less.

Son Yu

Always try to do your best!

Wendy Yvette Hendon

I feel the greatest elements of society are love and friendship. With both in hand, one is capable of breaking the barriers of society and bringing forth the good in all. That part of us which is good is what I wish all to have; it will make you a stronger, better person as it has made me.

Marcille Sexton

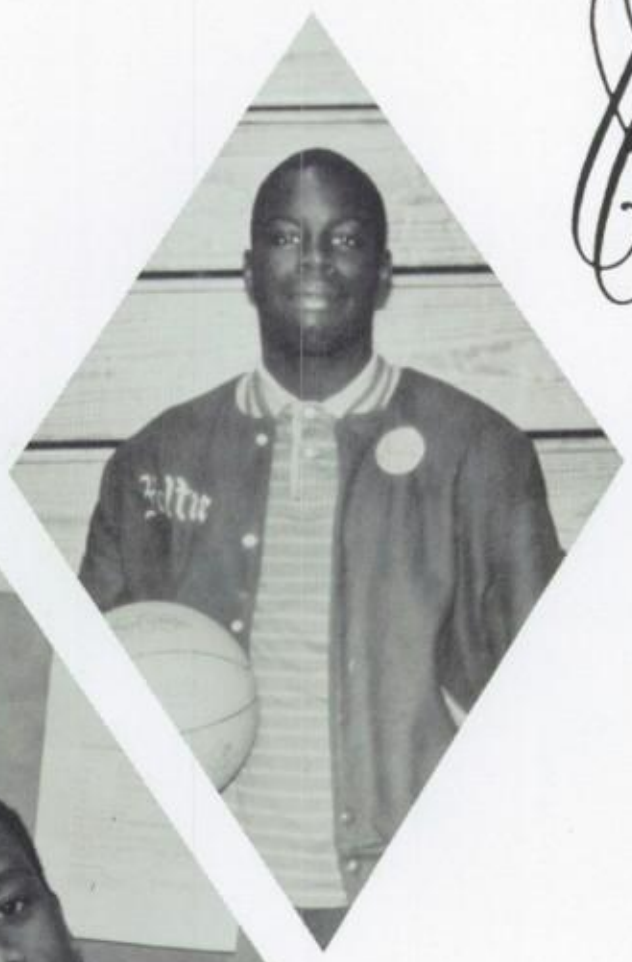
Melvin Frantrell Parker

I believe that we should not live in the past but learn from it. We should not always dream about the future, but plan for it. We should enjoy the present and live every second to its fullest potential.

Pamela Otte

Eric Hannum

Never give up. As long as one keeps trying, success is always possible.



Candee Idell

Westover, like a many faceted gem, holds true the identification of "Best Over All". It sparkles with academics, athletics, and activities. I have yet to experience a more loyal and spirited atmosphere. To the faculty, I give my thanks for opening those once locked doors.

Samantha Greer

I feel that Westover is one of the finest schools, which has allowed me to achieve and grow in every area. Education, values, happiness, and success are the things I value the most.

Peltre Williams

I would like to succeed in everything I do in life because everyone around me wants me to, and I want to. I feel that if you work hard and give 110%, you will be a winner in life. But don't forget the most important thing: God.

Phil Chelf

I am a firm believer that one should give everything they have in all that they do. No matter what task you undertake, if you give it your all, you'll be a success.

Michael Kenneth Hackett

I take life on a day to day basis. I don't dwell on the past, or grasp at the far away future. I make plans for today, for nothing is ever definite, and I live for the moment.

SENIOR CLASS OFFICERS

I feel that Westover has taught me a lot, not just about school, but also life in general. I have been faced with many situations where I have had to rely on my experience at Westover.

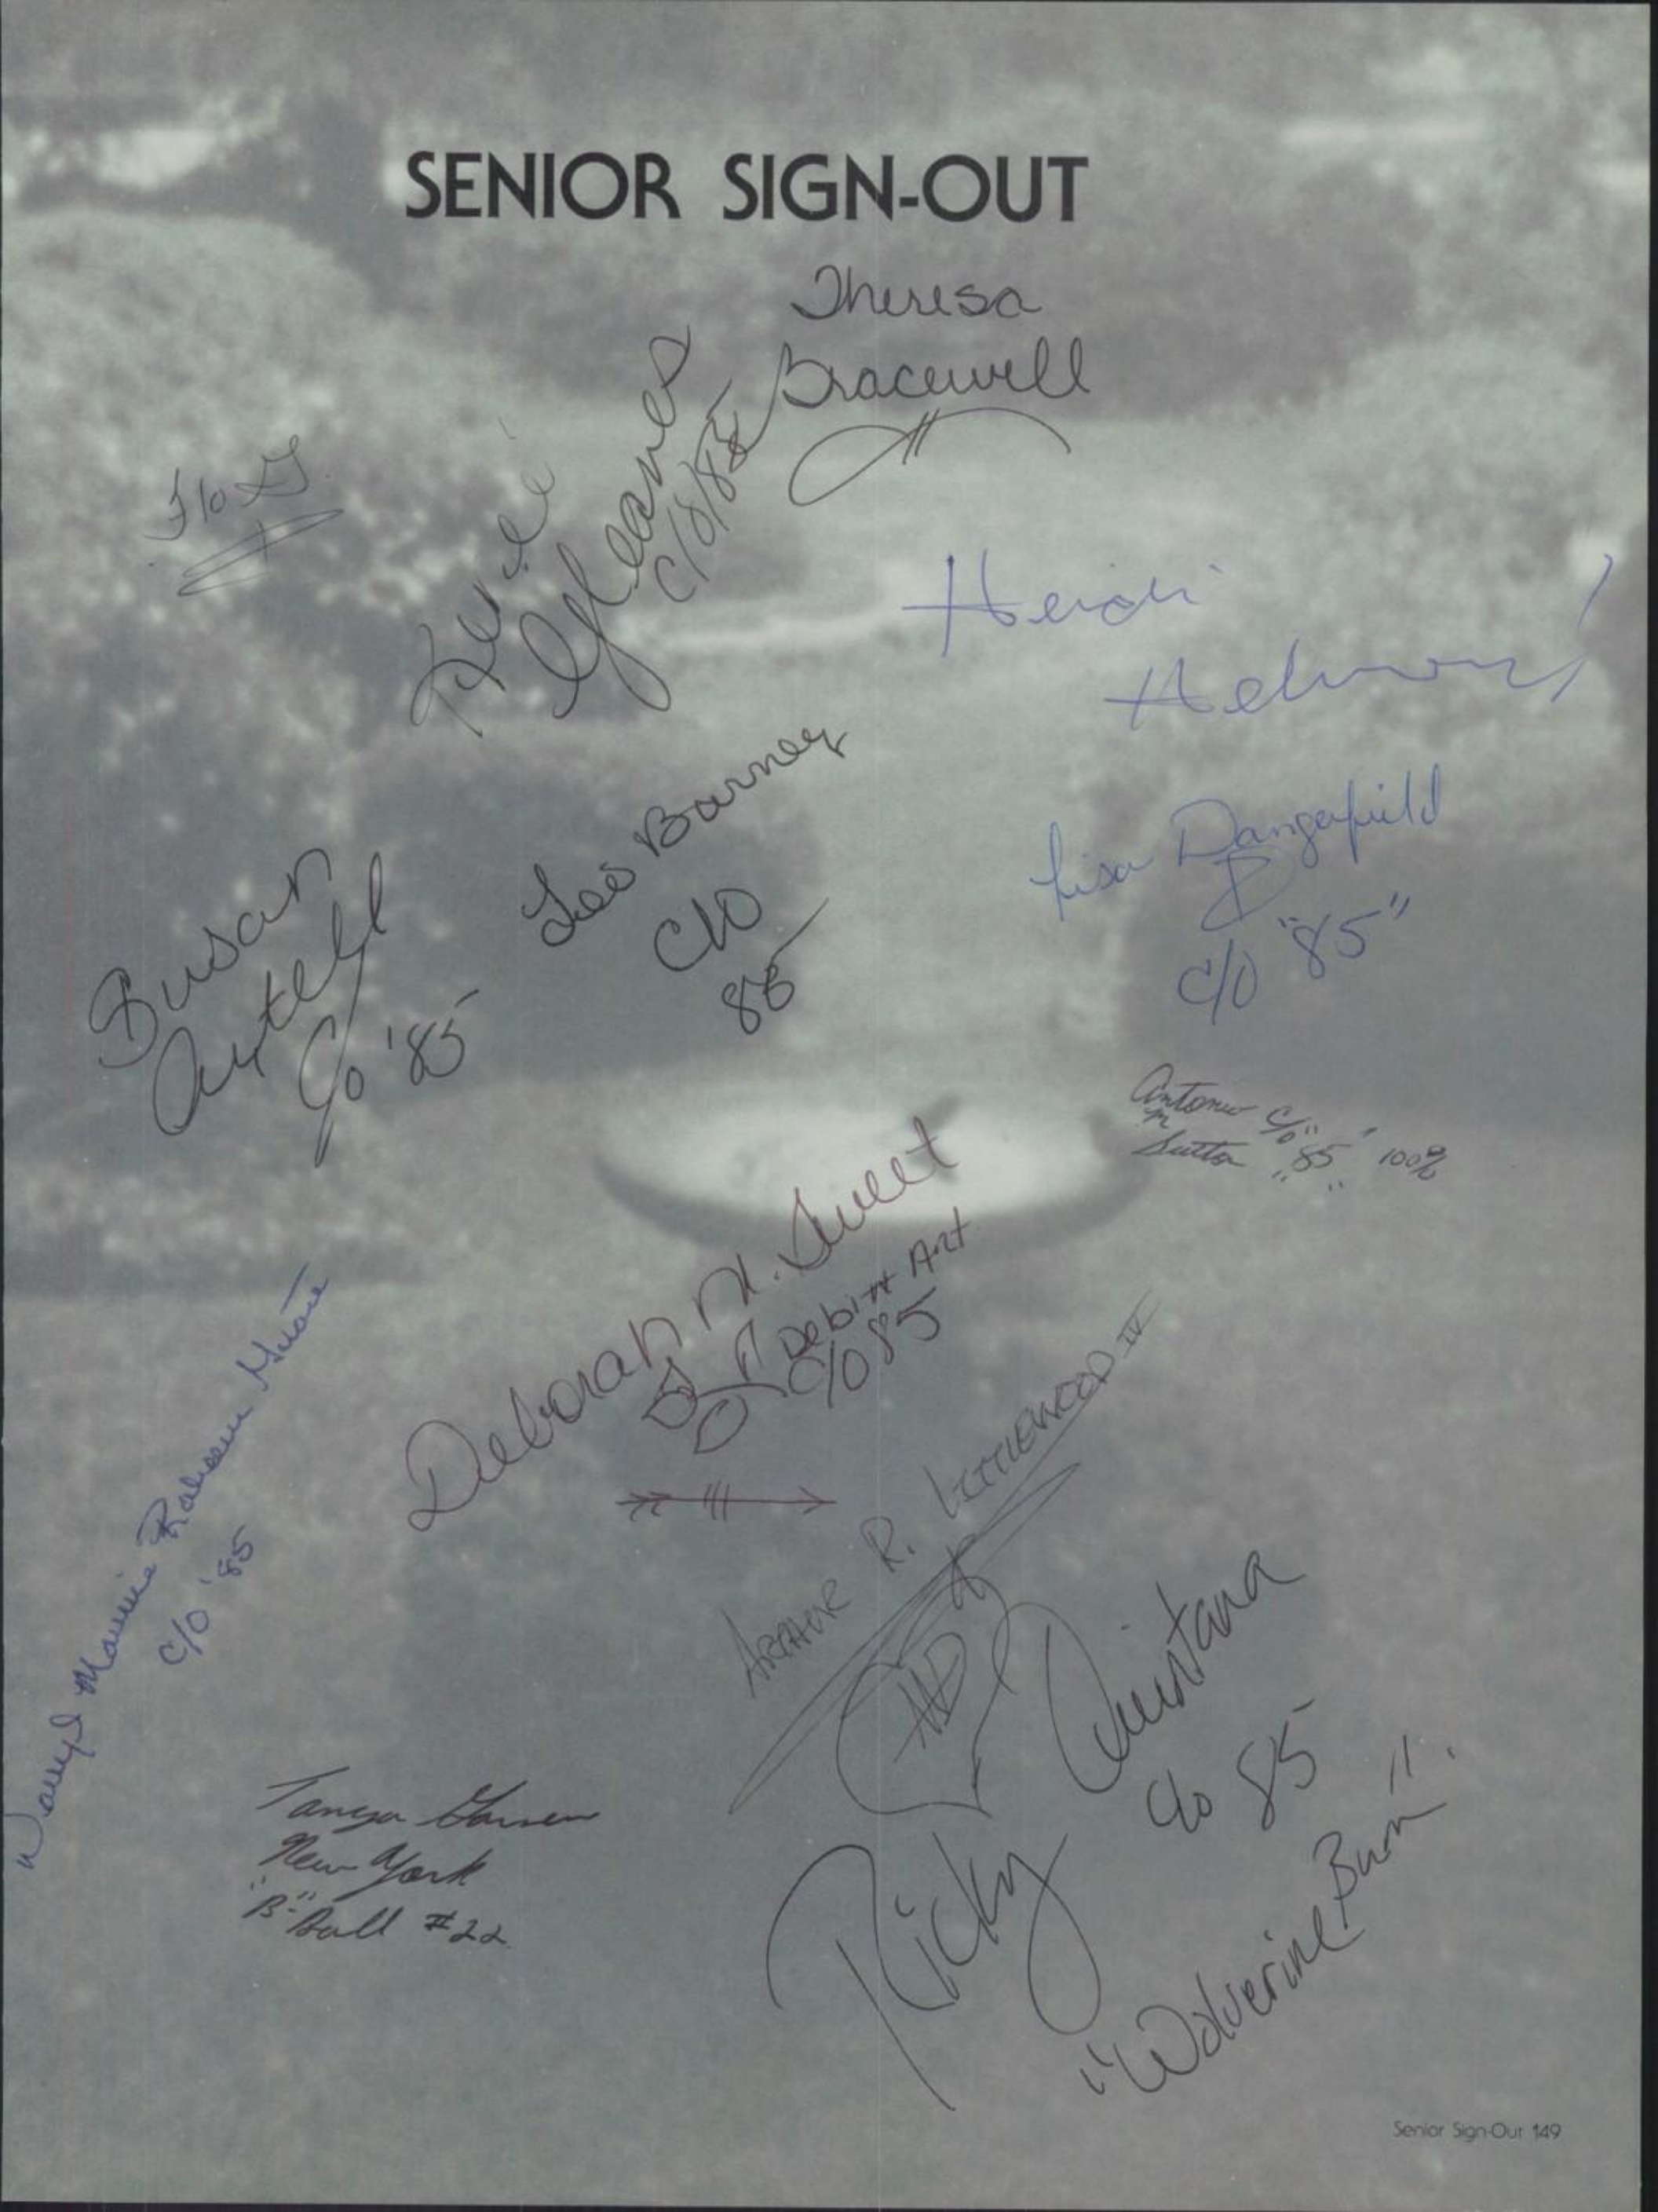
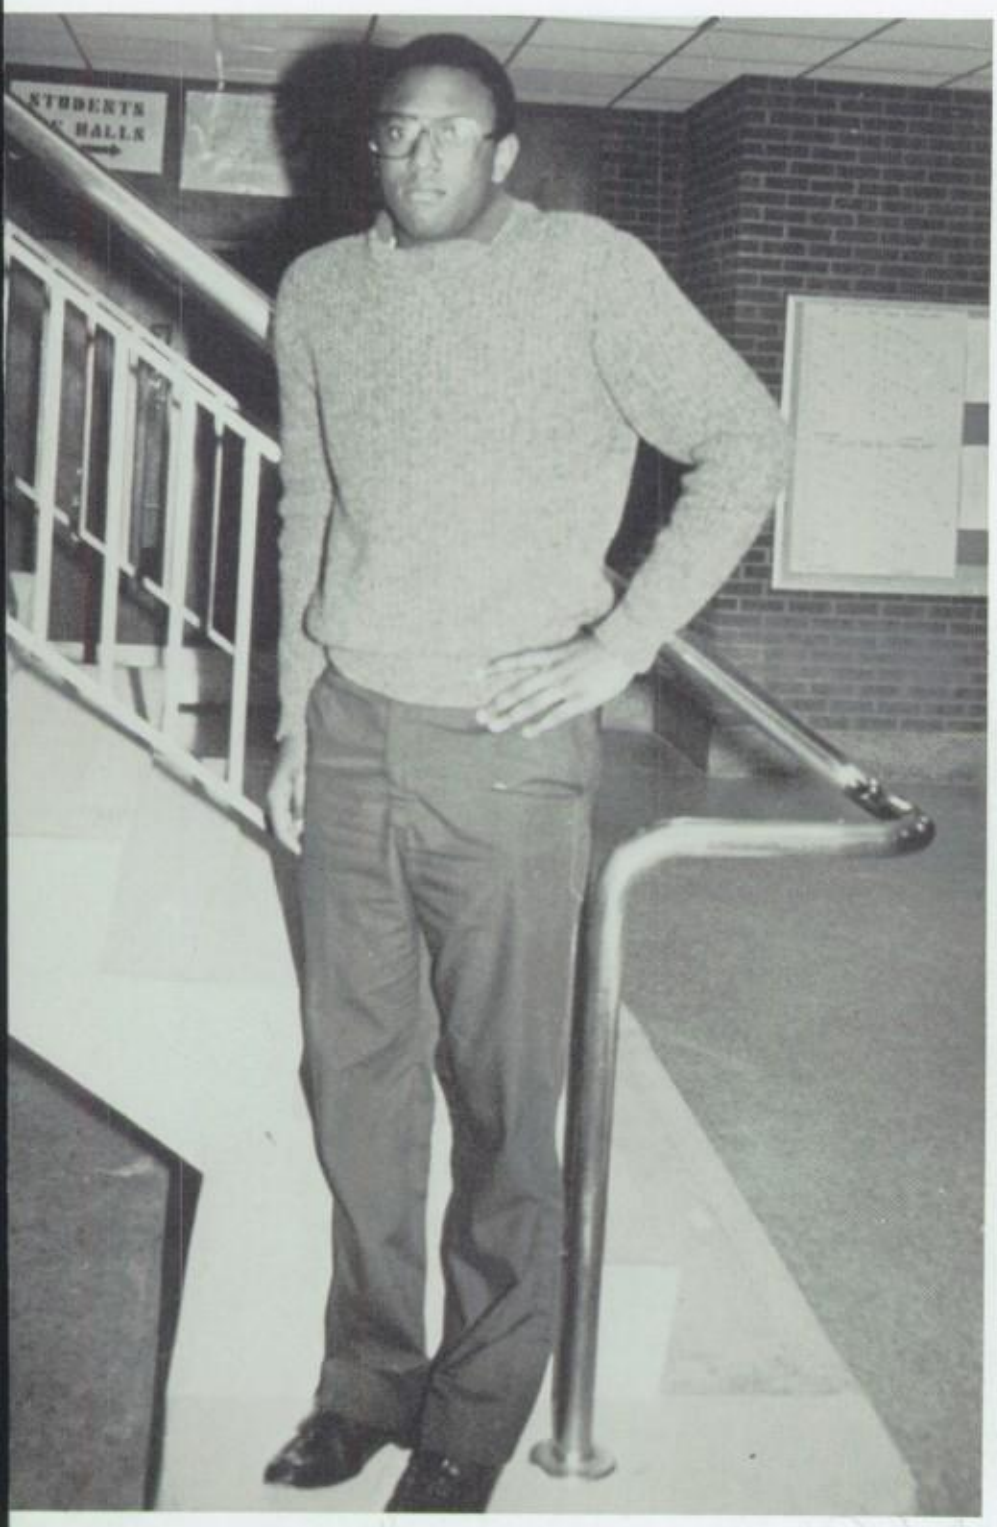
SENIOR SIGN-OUT



A YEAR IN THE LIFE . . .

. . . OF A JUNIOR.



JUNIOR CLASS OFFICERS

Having the opportunity to serve as president of the Junior Class at Westover was a unique privilege. I enjoyed working with Shirley Fowler our treasurer and our new officers Bill Copenhaver, Vice-President, and Renee Lee, Secretary.

This year was a superior year for the Junior Class. I feel fortunate to have served as president of the greatest class in Westover's history.

I realized my duties as Junior Class President and have not fallen short of success of these duties for myself, the class of 1986, and Westover Senior High. I am pleased to have a vibrant student council and a most effective and outstanding prom committee.

I again thank you, the class of 1986.

A YEAR IN THE LIFE . . .

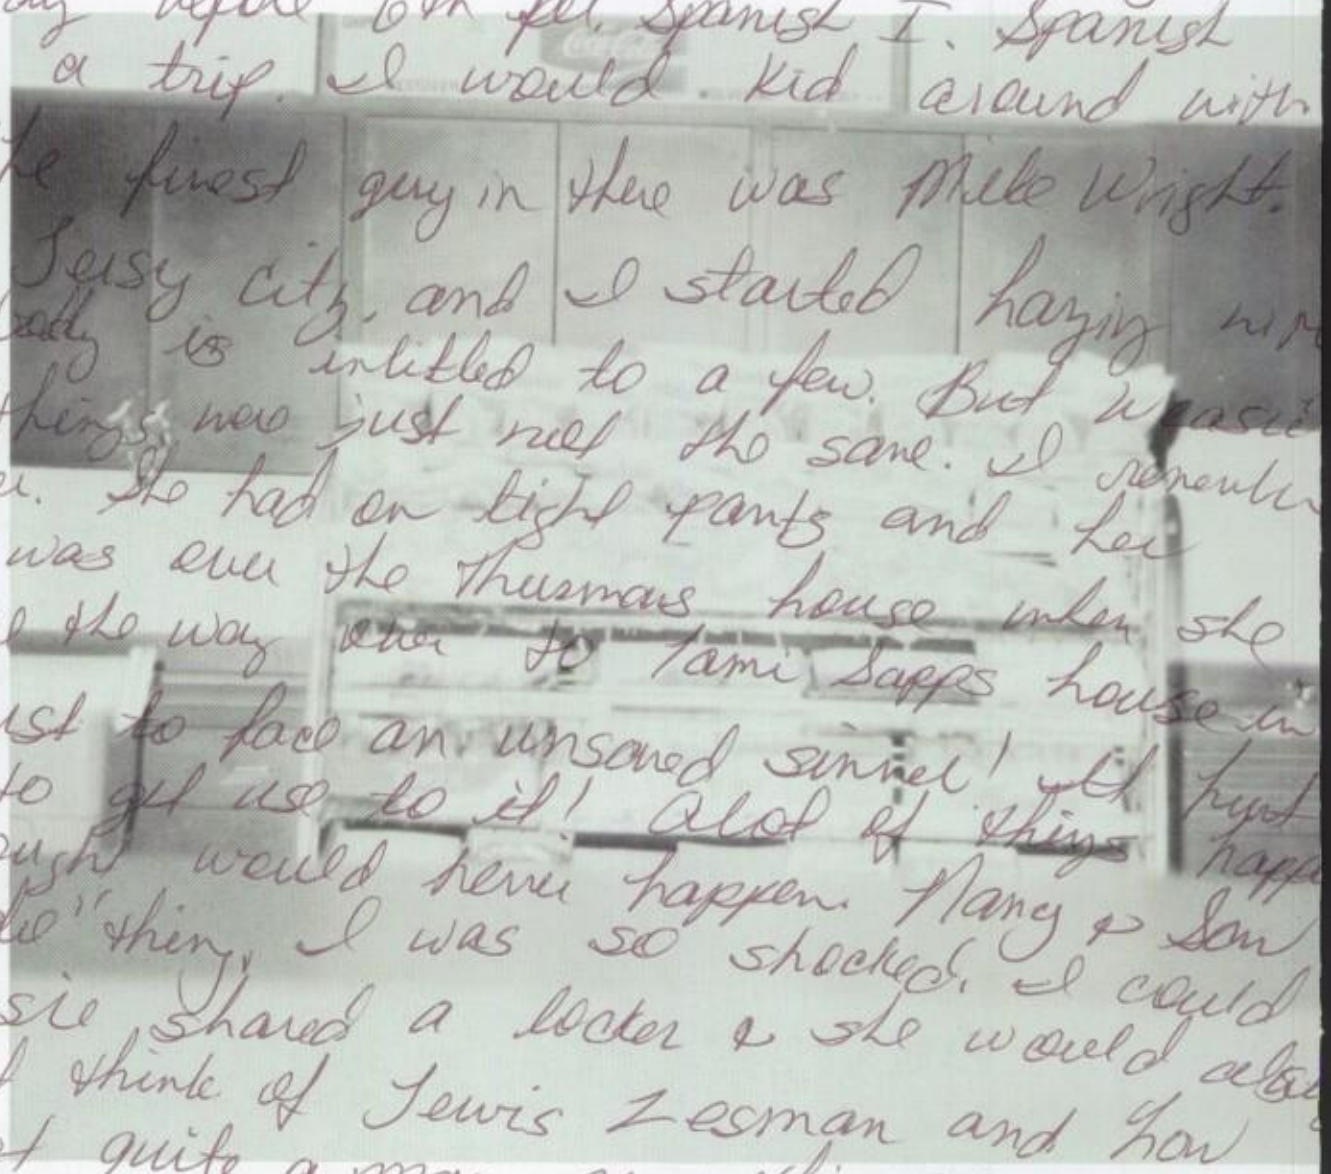
Well, this school year was sort of boring! I had a job working at a pizza & sub place called Chenellos & I missed a lot of games & church services because of this job. I soon quit because it was starting to interfear with my school work. Weasie ~~has~~ had gone back to New Jersy. So I was all by myself because Nancy was her own person. She's a Senior now, and she ~~thats~~ runs around prone one place to the other during lunch & stayed up at the libary during lunch with Arnita and some of her friends. Of course Sammie Thurman is a Senior, he ignores me ~~alot~~ alot. It must be something I am doing. I see him everyday before 6th per. Spanish I. Spanish class ~~has~~ was always a trip. I would kid around with everybody in the class. The finest guy in there was Mike Wright. Weasie came back from Jersy city, and I started hating her. My mistake! Everybody is intitled to a few. But Weasie is not saved anymore. Things were just not the same. I remember the first night I saw her. She had on tight pants and her nails were so long. I was over the Thurmans house when she called and I ran all the way over to Tami Sapps house in the dark by myself, just to face an unsaved sinner! It hurt me alot but I had to get use to it! Alot of things happened this year. Things I thought would never happen. Nancy & Sam had a little "do the die" thing, I was so shocked. I could have died. Me & Weasie shared a locker & she would always show her self off. Just think of Lewis Zesman and how Weasie would seem to get upset when I would hug on him. She always acted. I met quite a many guys this year, and walk to one. I didn't walk her home and all that crap this year, she was on her own. So I was a loner all by myself! Weasie liked Nick Snow. Nancy liked Sammie, and who knows who else.



. . . OF A PATRON

I didn't like anyone this year, I just ~~did~~ played around (fun & games) with everybody! I ~~met~~ met a special guy Anthony Williams. Mr. Williams Son! He added joy to my life.

Congratulations Students!

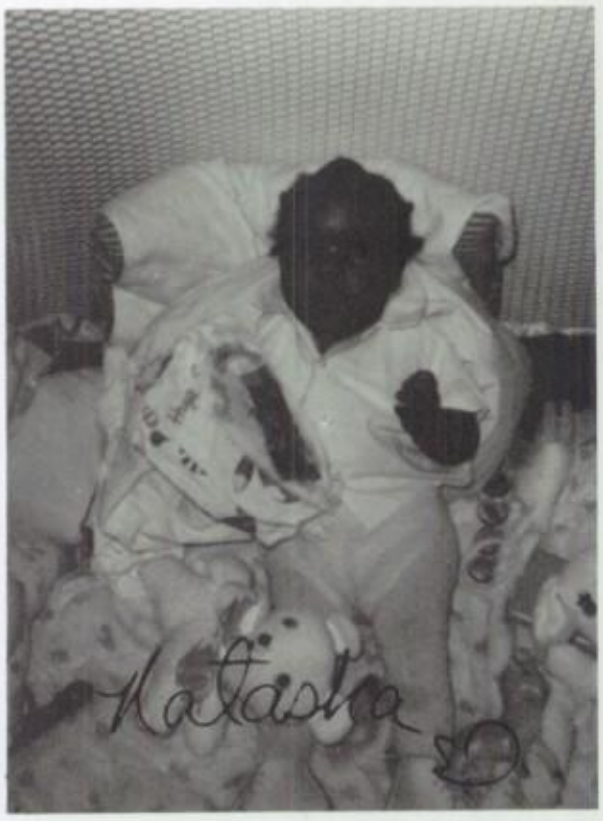
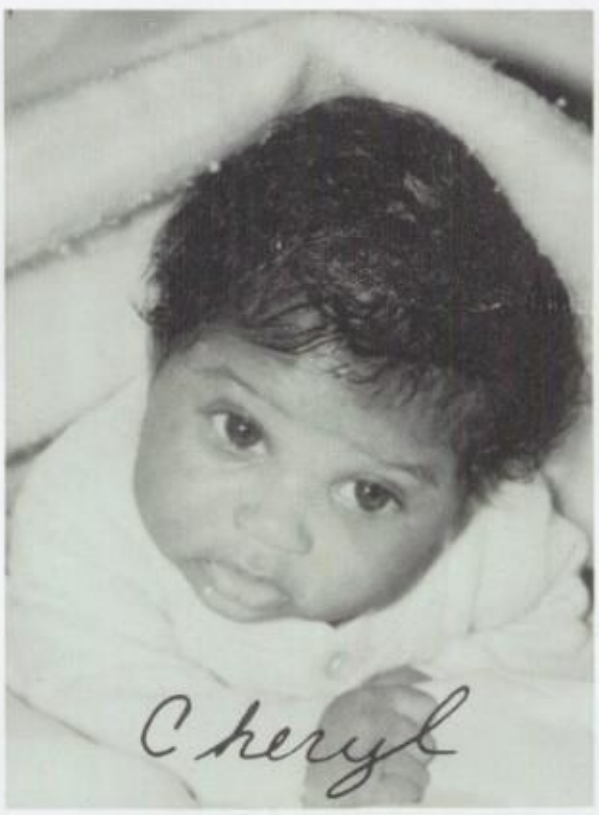
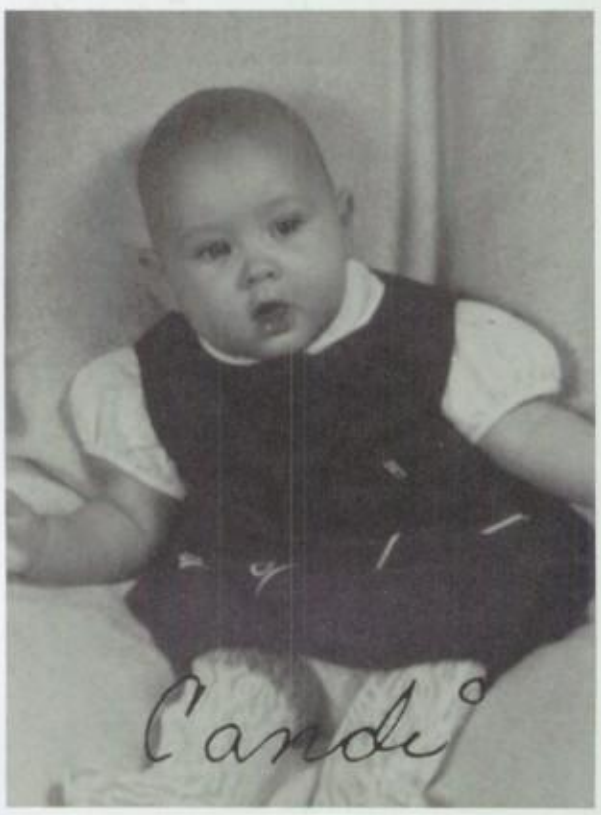
FROM THE EDITOR'S DESK . . .







Having you this year has been a real pleasure. Good luck to you in the future. Billie & Dave

"A Year in the Life" has turned out to be a success, therefore, another year in our lives is complete. Whether we're soon to be juniors, seniors, going on to college, beginning a full-time job, or whatever we are preparing ourselves to do, we are prepared. We have had our background furnished by the greatest of educators, administrators, and in the greatest place that we could gain that background, Westover Senior High.

I would like to extend a tremendous "THANKS" to the '85 ZEPHYR staff. They have shown that unity and teamwork are greatly rewarding. We hope you, the reader, realize what a tremendous job we've done as you unravel your '85 ZEPHYR. Every individual played a major part in creating this book. Whether it be developing a layout, taking a picture, or proof-reading a page, we did it as a team and we're mighty proud of it.

The most special thanks goes to Mrs. Martie C. Randolph for her many hours of work with our book. She worked with us, helping us to understand what we were doing and making us better people in the long run. No one really realizes what all she does for us! THANK YOU, "Mrs. Ran" from your '85 staff.

To the sophomores, have a great junior year and make the very best of it; to the juniors, I just hope that all of you can have as fantastic and productive of a senior year as I did; to the seniors, congratulations we've made it!! My best wishes to you all. We've left our mark on Westover Senior High. And, to the world, WATCH OUT!! the class of '85 has arrived! May the spirit of the Wolverine follow you always.

Thank you all,

Paige Willard

Sybil,

You are a very sweet person. One of the sweetest I know. What I'm trying to say is your a very special person. Without people like you my world would have no meaning. You seem so kind hearted and sweet. I hope you stay that way because when me and Sam come home next year you'll have to come see me.

You're such a nice person. I'll never forget you, and believe me when I say I don't want too. Maybe you don't know it but you have cheered me up on some of my very off days. Your smile and energy can never be replaced and highlight some of my days.

I hope you don't forget me. In me you always have someone to listen to your problems and cheer you up. I really don't know what else to say but you're a very <u>sweet</u> young lady. In the future I'd hope all of your dreams come true and you have success in everything you do. You are a one of a kind woman and will always have a place in my heart.

Have a nice summer.

Sybil,

I don't really know how to start this letter off, but I guess I have to try to. Well, first of all I've known you for 4 years and I haven't regreted one minute of it. Sybil, we've been through so much together I can ~~barely~~ barely keep up with the events. First it was the thing about Mr. What's his face, then it was Mr. So+So, then it was Mr. P., and Now it's I.U.E. Mathmatics. Sybil, you have been a great inspiration to me. I have learned a great deal from you. All the stuff you went through was to help me and others that come ~~alon~~ along that needed an extra push or an encouraging word or even just a friendly smile to brighten up their day or make it seem a little more easier to bear. I hope that I have been as much a help to you as you have to me. As I write this, I think about all the times we've shared throughout these years and I almost feel like crying. I think about the loves that I never ~~ha~~ had and how they hurt me so. You were right there though to cheer me up and encourage me to go on with my life. I really believed after Mr. So+So, I would never really love again and that I couldn't, but with the Lord and you, I am slowly but surely learning again. Because of you I still pray to the Lord and talk to him about situations in my life. I know ~~I~~ it isn't quite the same as it was before because I'm not saved and all, but I still feel the same for you. Sometimes I even feel out of place, but I know it's just me. Sybil, as long as I live I will never forget you and what you've done for me. You were always there when I needed you. I love you because you you and what you stand for. I will always love you sis.

I'm gonna Miss you Terribly!

Stay Chilly! Remember Me Always!

Love Always, Your sis' Weasie
